p5js

PERSONAL PROJECTS

toucan (12/2020 - 06 / 2022)

- Toucan is a cross platform project. It contains tasks, notes and budget modules. While making the program, I used Vue.js, Quasar Framework, Cordova, Google Firebase technologies. It is currently live on the Google Play Store (<https://play.google.com/store/apps/details?id=org.cordova.quasar.toucan>) and toucanx.vercel.app.

ykbeler.vercel.app (08/2019 - 06 / 2022)

- You can see some of my little projects on kebele.vercel.app and their codes can be seen on my github profile.
